Spring 2024 Minigrant Proposal

Funding an Arts Trip to New York City

Project Summary:

As a current student of Introduction to Cinematography II, I am planning to join my class on a trip to New York City. This trip is from March 28th to March 31st of 2024. While I have not been provided with an exact itinerary yet, the current plan is to drive up on the 28th and back on the 31st. On Friday the 29th we are going to go to the Whitney Biennial to view the new exhibitions, as well as meet some of the artists. On the 30th we have plans to meet more artists and go visit their studios and speak with them about their works.

I am very excited for this trip as it will be very interesting and valuable to hear about the experiences of an array of different artists with various backgrounds. I've been looking more into art as a career and will greatly benefit from seeing how other artists have gone about this. Coming back from this trip I will certainly have a broader knowledge of the inner workings of producing and showing art.

As part of this trip my class is staying at an Airbnb in New Jersey. I am requesting this minigrant to help support this trip by paying for my stay at the Airbnb and some additional fees to get in and out of the city.

Timeline:

March 28-31: Attend New York trip with class.

Budget:

Airbnb split with classmates with a total \$1,279.43 split by ten people - \$127.94

Funding for trains to and around the city - \$50

Total - \$177.94
