

Emily Liu

Outcome Report

Thanks to the Miller Arts Scholars Minigrant, I was able to successfully fund my independent study project, Eclosion. The funds I requested were used to purchase supplies needed to create and document the installation. I learned a lot in this 3 month process about why I create art and what I want out of it. I found the sculptural and physical aspects of this piece to be especially challenging. Though it was challenging and grueling, I'm grateful for the experience, and I am happy with the final result. I want to thank Professor Cuatlacuatl for his guidance through this process and also thank the Miller Arts Scholars program for their generosity.

Item	Cost
Mini Car	10
